kolaj INSTITUTE

Politics in Collage is a series of residencies, publications, discussions, and exhibitions examining complex socio-political issues that contemporary society is contending with, in order to spark meaningful dialogue and inspire deeper engagement. Our current focus is on Environmentalism and Collage, Resisting Authoritarianism, and War & Peace Correspondence. The Politics in Collage Project intersects with other Kolaj Institute project such as Trash as Material and Big Orange Monster.

The mission of Kolaj Institute is to support artists, curators, and writers who seek to study, document, & disseminate ideas that deepen our understanding of collage as a medium, a genre, a community, and a 21st century movement. Kolaj Institute is an independent 501c3 Non-profit organization registered in the State of Louisiana, USA. Learn More & Get Involved at www.kolajinstitute.org

"I pledge to the greatest president in the history of the United States,
that loves us so much he can't even breathe, that I will go out with my
family, my friends. I'll do it any way. I don't care if I'm registered or not.
I'm going to try and cheat like hell like they do. So help me god."
